Jun 2018 Software Developer, Yandex Browser

Technology stack: C++, clang tools, python, chromium.

Refactored code and improved large scale project stability

• Upstreamed changes to a Chromium project

Mar 2015 - Virtuozzo, Altufevskoe Highway 44, Moscow, Russian Federation, tel.: +7 (495) 783 2977

Nov 2016 Software Developer, Server virtualization

Technology stack: C++, Python, perl, Boost, libvirt, logstash, elasticsearch, MySQL, SQLite.

Feb 2014 - Logos - Agent technologies LLC, Shipilovskaja st. 28a, Moscow, Russian Federation

Feb 2015 Developer

Sep 2011 - ITAR-TASS, Tverskaja av. 2, Moscow, Russian Federation, tel.: +7 (499) 791 0444

Jan 2014 IT Specialist

Skills

• Languages - Python, C++

• Development for Linux, Windows and MacOS

• Databases - MS SQL, MySQL

• Version control systems - git, hg, svn, perforce

• Unit-testing, refactoring, agile methodology

• Parallel and concurrent programming
